

FACEBOOK POLICY

The OZS group will be a closed group. This means anyone on Facebook can find the group, but only members can see the posts. Membership will be current and former members of OZS, and others can be added with approval by the administrators. The President and Rabbi serve as the administrators. The administrators do not need to approve all posts; however, they have the discretion to remove any posts or members from the group.

The Facebook group description should include the following language:
“Posts that are deemed to be inappropriate or offensive are to be removed by the administrators and potentially are grounds for that person’s removal from the group.”

Approved by the Board 4/13/2017
